

Comfort

Calls into your organisation are longer and more complex than ever before. And customers still expect your customer service representatives (CSRs) to remain fully focused on what they have to say. But CSRs can't do this if they are physically uncomfortable.

With the **Plantronics EncorePro Family** comfort isn't a problem.

Smaller, slimmer and lighter

12% lighter than SupraPlus with the same high reliability

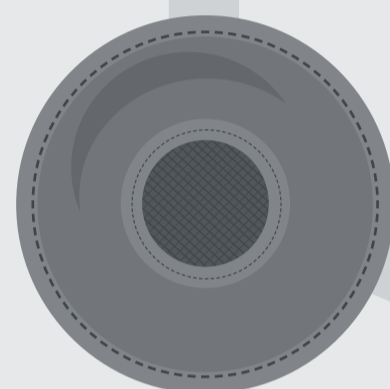

New ear cushions design

Highly breathable, soft to the touch
